Planned Parenthood Federation of America's Senior Director of Medical Services, Dr. Deborah Nucatola, recently revealed in undercover video footage, that Planned Parenthood is complicit in selling the body parts of unborn babies killed by abortion. She admitted that, she herself employs the practice of Partial Birth Abortions, prohibited by law, in order to obtain intact body parts to fill customers' orders.

In the video, Dr. Nucatola, who trains new Planned Parenthood doctors, and performs abortions up to 24 weeks (6 months of pregnancy) herself at a clinic in Los Angeles, admitted that Planned Parenthood charges per-specimen for baby body parts and tailors the abortion procedure to assure that the organs desired by their clients are not damaged during the abortion.

Right to Life - LIFESPAN condemns this horrific practice and calls upon all Planned Parenthood affiliates, as well as the Federation itself, to cease the illegal procedure and end its involvement in the selling of human organs. Minimally, an organization such as Planned Parenthood, which receives millions of dollars in federal tax money, should obey the law.
